## BRITISH STORM 'SLIM LINDY'

LINK FILIPINO  
LEADER TO RED  
PLOTS IN ISLANDSKeep Quezon Under  
Close Watch.

## BULLETIN.

(Chicago Tribune Press Service.)  
Copyright, 1927, By The Chicago Tribune.  
MANILA, P. I., May 30 (Mon-  
day).—Manuel Quezon, president  
of the Philippine senate and, until  
recently, honorary president of the  
Legionarios del Trabajo, has been  
in close communication with the  
communists of China and Java for  
the last year. This Tribune cor-  
respondent learns from an authori-  
tative source.

While there is no evidence to  
connect him with the Cavite navy  
yard plot, it is known his activities  
are being closely watched. Two  
Japanese agitators slipped into the  
islands a short time ago and, after  
a conference with Quezon, on a tour  
of the provinces.

MANILA, P. I., May 29.—(P)—Rear  
Admiral Sumner E. W. Kittelle, com-  
mandant of the Sixteenth naval dis-  
trict, which includes the navy yard at  
Cavite, near here, today confirmed re-  
ports that certain radicals proposed  
to dynamite a plot to destroy the  
naval ammunition dump at Cavite.  
The admiral said he did not believe  
the plan would have succeeded.

Naval authorities were aware some  
time ago, he said, that certain emi-  
nents of the soviet government came  
to the Philippines from China to  
spread their doctrines among the Fili-  
pino. The ultimate object, Admiral  
Kittelle said, was to weaken the sov-  
ereignty of the United States in the  
islands, particularly as this campaign  
would aid the soviet cause.

News by Felling Reid, He Says.  
Supporting his statements, the  
speaker referred to certain documents  
found in the soviet embassy at Pe-  
king when it was raided by northern  
Chinese troops. "You would be as-  
tonished at some of these disclosures,"  
he said.

The admiral did not reveal the na-  
ture of these documents, as he said,  
it was not in a position to do so, but  
he indicated that some of them bore  
important relation to the situation  
in the Philippines.

Today's statement was the after-  
math of a dispatch printed in the Ma-  
nila Times yesterday, saying that  
Manila communists, in a communis-  
tic to the Legionarios del Trabajo,  
a Philippine labor union, had urged  
setting up the ammunition dump at  
Cavite, and that this action was fa-  
vored at a meeting of the Manila lodge  
of the union. The whole plot was  
based on the erroneous belief that  
this action would cut off the ammuni-  
tion supply of American warships.

About 2,400 Filipinos are employed  
in the navy at the Cavite yard in  
civilian capacities.

Gen. Union After U. S. Threat.  
Unquestionably, the authorities said,  
they radical emissaries from China  
were the Legionarios and proposed  
activities against the Cavite am-  
munition dump. At a meeting of the or-  
ganization, Admiral Kittelle notified all  
members of the organization at that  
time that they must either quit the  
Legionarios or their employment at  
Cavite. They all quit the union and  
gave a personal pledge of loyalty to  
the American government.

The employees were told that no op-  
eration in the American government  
to the governor general of the islands  
would be tolerated and that Filipino  
officials would not be allowed to dic-  
tate to the men.

"If you boys desire to follow some  
foreign leader why not follow Gen.  
Lindbergh? He's a good Filipino and  
a excellent citizen, loyal to the  
American flag," Admiral Kittelle said.  
Shortly after this word was sent to  
the navy yard, that Gen. Aguinaldo  
would be kidnapped if any Filipino was  
harassed from the navy yard. Agu-  
inaldo was not kidnapped.

Admiral Kittelle said radicals in the  
Philippines are being closely watched.

THE WEATHER  
MONDAY, MAY 30, 1927.

Sunrise, 5:18; sunset, 8:17. Moon sets at  
8:15 p. m. today. Jupiter and Saturn  
are morning stars; Venus is the evening  
star.

Chicago and vicinity—  
Partly cloudy and  
somewhat unsettled  
Monday and Tues-  
day; not much change  
in temperature.  
change in tempera-  
ture; moderate  
winds; mostly north-  
easterly.

Illinois—Mostly cloudy  
Monday and Tues-  
day; with local show-  
ers; not much change in temperature.

## UNIONS CALL WORKERS TO JOIN ARMY FOR WAR

Moscow Sure Britain Will Attack Russia.

MOSCOW, Russia, May 29.—(U.P.)—The Russian government today declared that it is surprised at the British act in attacking the relations with Russia. It was aware that the Conservative government long had prepared for a rupture.

The whole world sees that the cause of the rupture, he adds, is the defeat of the Conservative government's policy in China and an attempt to mask the defeat by a diversion directed against the soviet.

Mr. Litvinoff emphatically denies all charges of violating the trade agreement.

### Small Appeal for Recruits.

An appeal, issued today in the name of the various Moscow unions, urges workers and peasant youths to enlist voluntarily in the Red army. It recommends that all unions send the best of their comrades to military schools for training.

The council of people's commissars has announced its decision to float two million loans of 200,000,000 rubles each. It asks a national subscription of these loans for the defense.

Chairman Tomsky of the soviet union, asserting, is that the British attack on Russia, maybe in a month or maybe in a year, says the country must utilize the interim in the most effective manner to develop its military and economic defense.

The newspaper Pravda says the Russian "is the greatest treason to the cause of European peace since 1914," and that the danger of war upon the soviet union has never been more imminent than at the present time.

**Fight at Communist Meeting.**  
LONDON, May 29.—(U.P.)—A communist meeting at Hyde Park today turned into a general fight. Speakers in a stand draped with red flags, and the Moscow government, while several thousand persons listened, the speakers became bitter in denunciation of Great Britain persons in the audience tore down the red flags and attacked the communist sympathizers. Mounted police broke up the fight.

### Charges Red Plot in U. S.

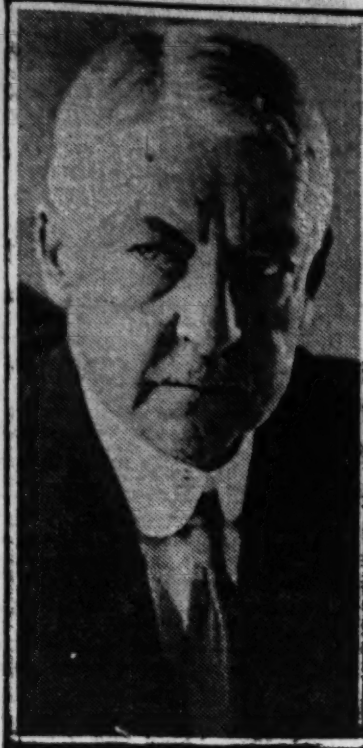

New York, May 29.—(U.P.)—As the result of the discontinuance of certain investigating machinery of the department of justice in 1924 knowledge of "violent communist activities" in this country comes to America only through British sources, Matthew Wall, president of the American Federation of Labor, said in a statement issued today.

Mr. Wall, speaking as acting president of the National Civic Federation, said the British raid on Arcos, the soviet trading organization in London, revealed that agencies were seeking to destroy the existing order in the United States.

In consequence of the discontinuance of necessary investigating agencies and machinery through the influence of "ultra-radical" organizations, the "government is being upon a state of doubt," he asserted.

"Today anarchists and communists are freely and fully practicing their methods of propaganda without hindrance," he asserted. "Through trade agencies, news and educational agencies, and the like, under the guise of freedom of speech and action of the press, violent communist activities are engaged in without check or restraint."

## REPORTED OUT

(Kadel & Herbert Photo.)  
JAMES R. SHEFFIELD.

## KELLOGG SILENT ON RUMOR ENVOY TO MEXICO QUILTS

Washington, D. C., May 29.—(Special.)—Secretary Kellogg declined tonight to make any statement concerning a report from Mexico City that James R. Sheffield, the American ambassador, had resigned or was about to resign. All that could be learned was that Mr. Sheffield had obtained leave of absence to attend the Yale commencement in June and would leave Mexico City shortly.

Hereafter there have been recurrent rumors that Mr. Sheffield was about to retire but in each case they have been disposed of by denials either in Mexico City or Washington. On that account considerable significance is attached to the declaration of Secretary Kellogg to comment on the latest report.

Gossip has been plentiful that Mr. Sheffield was dissatisfied over the status of American-Mexican relations and desired to be relieved of his diplomatic duties. Recently it has been reported that Mr. Sheffield was not in the best of health and desired to resign for that reason.

## YELLOWLEY, IN PULPIT, SAYS U. S. IS BECOMING DRY

That prohibition forces are slowly but surely mopping up the United States was the theme of E. C. Yellowley, the local director, and other speakers last night at a "special prohibition meeting" in the First Methodist church of Oak Park.

Other speakers were Capt. John C. Wallace, assistant to Mr. Yellowley; Albert H. Lloyd, head of the prohibition legal department; Miss Mary Bailey, special assistant district attorney; Miss Anna Cook, said to be the only woman prohibition agent in the country, and Mrs. William Harrison Cade, head of the law enforcement department of the Illinois Federation of Women's Clubs.

## Guggenheim Gives \$25,000 for Search for Nungesser

New York, May 29.—(U.P.)—Daniel Guggenheim has contributed \$25,000 to finance an airplane expedition of Maj. P. Sidney Cotton to search for the French flyers, Capt. Nungesser and Col. Gail, in the interior of Newfoundland, Maj. Cotton announced today. No salaries will be paid to any member of the expedition, as all have volunteered their service.

## DRY LEAGUE CRIES FRANTICALLY FOR HELP IN ILLINOIS

Fears Weber-O'Grady Bill Will Pass Senate.

BY PARKE BROWN.

Springfield, Ill., May 29.—(Special.)—The Anti-Saloon league has issued a statewide frantic appeal for help to check the inroads of the wet in the legislature, asserting that Illinois is threatened with an inundation of booze. The statement continues:

"We are facing the most bitter fight in the legislature here at Springfield that the liquor forces have staged in a decade.

"They have just succeeded against the strongest opposition we could muster in passing through the house the Weber-O'Grady bill to repeal the state prohibition enforcement laws. A referendum was attached to this measure by the wets.

Referendum Enforces Votes.  
"A number of legislators who would not have voted for a direct repeal of the prohibition laws were persuaded to vote for the bill because of this referendum. This victory of the wets should stir the law abiding citizen to a sense of the real danger our state is in.

"We must strike quick and strike hard. The wets are moving as rapidly as procedure will permit to put this repealer over in the senate. We have been in touch with the senators and believe the measure can be killed in the senate. But the fight will not end there. Other bills are pending each making a clever appeal for support. We must be on the alert every moment.

### Badly in Need of Money.

"We are badly in need of money. It will take a lot of it to put over the fight needed if the dry side is to be kept from breaking and Illinois saved from an inundation of booze.

"The Anti-Saloon league is working at top speed, but must have money to work with. Otherwise home will swamp our state. This is no idle threat. The need is urgent.

The plea did not indicate how any large fund could be used to block action in the senate on the Weber-O'Grady bill, which is now on second reading and may be disposed of by Thursday. The time is considered too short. But it has been rumored that the dry organization already is short of cash, partly because of the propaganda fight it already has put up against this measure, and which is expected to bring thousands of protests to the senators this week.

### GROWS MORE LIBERAL

Washington, D. C., May 29.—(Special.)—Some modification of the Volstead act provision restricting the quantity of liquor which a physician can prescribe for a patient to one pint in ten days may be necessary, it was admitted today by the Methodist Episcopal church board of temperance, prohibition and public morals in its weekly bulletin.

In its recent annual session here the American Medical association house of delegates adopted strong resolutions protesting against legislative interference with medical practice and authorizing the trustees of the association to sponsor modification of the "one pint in ten days" clause in the next session of congress.

### Charge Unreasonable Restrictions.

"If these restrictions are unreasonable they should be changed," it is asserted in the church board bulletin. It added that "the constitution provides for the necessities of the medical profession, and the administration of the

## Balks at Pay Raise

(Pacific and Atlantic Photo.)  
Gov. John W. Martin of Florida asks state senate to defeat bill which would increase his salary.

law will not be out of sympathy with that provision."

The bulletin, which is edited by Dr. Clarence True Wilson, general secretary of the church board, warned the medical association, however, that "no greater blow could be struck at the prestige of the medical profession than the release of medicinal liquors from governmental restriction."

### Chance for Big Incomes.

"Weak or unprincipled, not to say disreputable, physicians," the bulletin asserted, "would seize the opportunity to build large incomes upon a whisky practice and the whole profession would shortly be discredited."

"There must be, and doubtless will be," the bulletin concluded, "a thorough understanding and sympathetic cooperation between the government and high minded physicians."

## TWO MORE DIE IN COUNTY TRAFFIC, ONE IN HAMMOND

Two deaths resulting from automobile accidents yesterday raised the Cook county toll since Jan. 1 to 368. An unidentified Negro was struck and killed at South Park avenue and 29th street by a cab, the driver of which did not stop. The body was taken to the county morgue.

Peter Quinn, 70, of 22 South Clark street, died of injuries suffered on Saturday, when he was struck by a car driven by Nathan Freeman, 4505 South State street, at 53d street in Washington park.

Daniel Arnold of 1315 Davis avenue, Hammond, Ind., was struck and killed in Hammond yesterday by a car driven by Carl Gabovitch of 20 Sibley street, Hammond. Gabovitch was charged with manslaughter.

Miss Lillian Curran, 17, and her sister, Rose, 21, of 314 East 63rd street, were seriously injured when an automobile in which they were riding was hit at Clark street and Roosevelt road by another car driven by Dennis Finley, 3533 South Union avenue.

## HUNT IN VAIN FOR VICTIMS OF NEW GANG SHOOTING

Hospitals and undertaking rooms of the north side were checked by police yesterday for two Italians believed seriously wounded during a machine gun fusillade on Saturday night against the Aiello bakery, 473 West Division street, seemingly in vengeance for the slaying last August of Tony Spano, "The Chevalier," boot-legger-gangster-smuggler, of Chicago Heights.

Tony Aiello, one of five brothers who are leaders in the north side colony of Sicilians, and Charles Dello, 516 West Oak street, are the two believed wounded. Three others in the bakery at the time when a stream of bullets from a machine gun in an automobile shattered windows and show-cases, escaped unhurt, one of them, Frank Randazzo, a baker, later being arrested.

Randazzo declared that Aiello and Dello were struck by bullets, but so far police have been unable to get Joseph Paglia, 30, of 1001 Larabee street, was arrested by Sergts. J. J. Hurley and William Kowalski while he was driving a touring car with a license. The car is similar to one seen by Policemen John Kievecz near the scene of the shooting. Paglia denied participation in the attempted slaying.

## BALLOONS READY FOR ELIMINATION TAKE-OFF TODAY

Akron, O., May 29.—(U.P.)—Fifteen pilots pored over weather maps tonight with everything in readiness for the takeoff tomorrow of the greatest national elimination balloon race in the history of American aeronautics.

Rain clouds tonight hung over the Cleveland-Akron speedway, from which at 4:45 p. m. eastern standard time, tomorrow, the first of the fifteen balloons in the elimination contest will take the air.

The weather now is the only cause for concern among the race officials and competing balloonists. With previous experience as precedent, it is agreed that only a severe storm would be grounds for postponing the race.

Before the actual race starts the first pursuit group of Selfridge field, Michigan, will stage a heavier-than-air carnival.

## Irish President in Riot; Smoke Bombs Fly in Crowd

DUBLIN, May 29.—(U. P.)—President W. T. Cosgrave and Vice President Kevin O'Higgins of the Irish Free State narrowly escaped injury when a riot started today while they were waiting to address an election meeting at O'Connell bridge. Smoke bombs were thrown by agitators and a free-for-all fight ensued. Police ejected the agitators after several had been wounded. Some were arrested.

extended the necessary period of residence to five years, and the 1924 act denied non-quota privileges entirely to Canadian residents not native born.

"It is among the non-Canadian born who are quota aliens that the order will cause some hardship," Mr. Kellogg's note continued.

**Fair Play to Prior Claimants.** "This will, I admit, constitute a hardship which I sincerely regret. I am sure you will appreciate that the large number of prior applicants who desire to emigrate to the United States has been on record for some time at the consulates in Europe and elsewhere, and who must receive visas within the limited national quotas, cannot be deprived of the priority rights gained by such registration in favor of a particular group in any border city."

**Man Held in Stabbing of His Brother-in-Law.** William LaGary, 43, of 4142 Westworth avenue, was stabbed to death last night by his brother-in-law, George Jacobs, according to the Stockyards police, during a moonshine brawl in the latter's home at 4644 South Wells street. Jacobs is held.

## 4 U. S. AVIATORS KILLED AS PLANE FALLS, AFLAME

Army Bomber in Crash at  
Augusta, Ga.

Augusta, Ga., May 29.—(AP)—Four aviators of the United States army squadron en route from San Antonio to Langley field, Va., were burned to death here today when the left motor of their machine went dead, 500 feet above the flying field, and the plane fell to the ground in flames.

The dead are: Second Lieut. Dan F. Voorhees, air corps service, pilot of the plane; Staff Sgt. Clifford Glenn, 59th service squadron; Staff Sgt. James Read, 20th bombardment squadron, and Corporal Melvin Andrews, 59th service squadron.

**Motor Goes Dead.** The plane, one of the 14 modern bombers that had participated in the maneuvers at San Antonio, had ascended 500 feet to wait for the other planes to take off when the motor went dead, throwing the plane into a nose dive. The machine struck a high tension wire in its descent and was in flames when it struck the ground and comrades were unable to go to the rescue of the occupants. When they finally succeeded in extricating the bodies they had been almost incinerated.

Several thousand people witnessed the accident. They had gathered early this morning at the flying field to witness the take-off of the bombers that had stopped here Friday on their way back to Langley field.

**Nine Hop Off Today.** The bodies of the four men will be held here pending word from Washington as to their home addresses. Nine planes will hop off tomorrow, but three, including that of Flight Commander Capt. Charles E. Rust, will remain until the bodies are shipped to their homes.

Six planes which had preceded Voorhees returned half an hour after the accident, having run into severe storms in South Carolina.

Paul Gariand, 30, of 1631 South 59th avenue, died at St. Luke's hospital yesterday from burns incurred Saturday when he fell into a vat of hot water at the Chicago Enamel Works.

## U. OF WISCONSIN ELOPEMENT HAS ENDING IN BREAK

Bissell and Hinsdale  
Girl Separate.

Madison, Wis., May 29.—[Special.]—The university romance which led to the midnight marriage of Walter H. Bissell Jr., son of a millionaire Wausau lumberman, and Miss Elizabeth Kennedy of Hinsdale, Ill., has struck a reef after two weeks' duration. Announcement was made at the Gamma Phi sorority house, where the bride is staying, that they had agreed to separate and that legal action may be taken.

Bissell is at the home of his father in Wausau. Since the wedding, on May 14, the bride has been at her home in Hinsdale. The bride and her mother arrived in Madison today. Both refused to be interviewed, but the president of the sorority was authorized to state the young couple had decided to call it off for the time being at least.

**Married at Rockford.** Miss Kennedy was a co-ed at the university and a member of the Gamma Phi sorority. Young Bissell left the university last June. He returned to Madison on May 14 to attend a dancing party at the Delta Tau Delta fraternity house. Miss Kennedy attended the party with another escort.

After the party young Bissell called at the Gamma Phi sorority house and was joined by Miss Kennedy. They drove to Rockford, Ill., where the marriage occurred. On the following Monday they returned to Madison for a short stay and then proceeded to Hinsdale.

Then Walter returned to his family and the bride remained at Hinsdale.

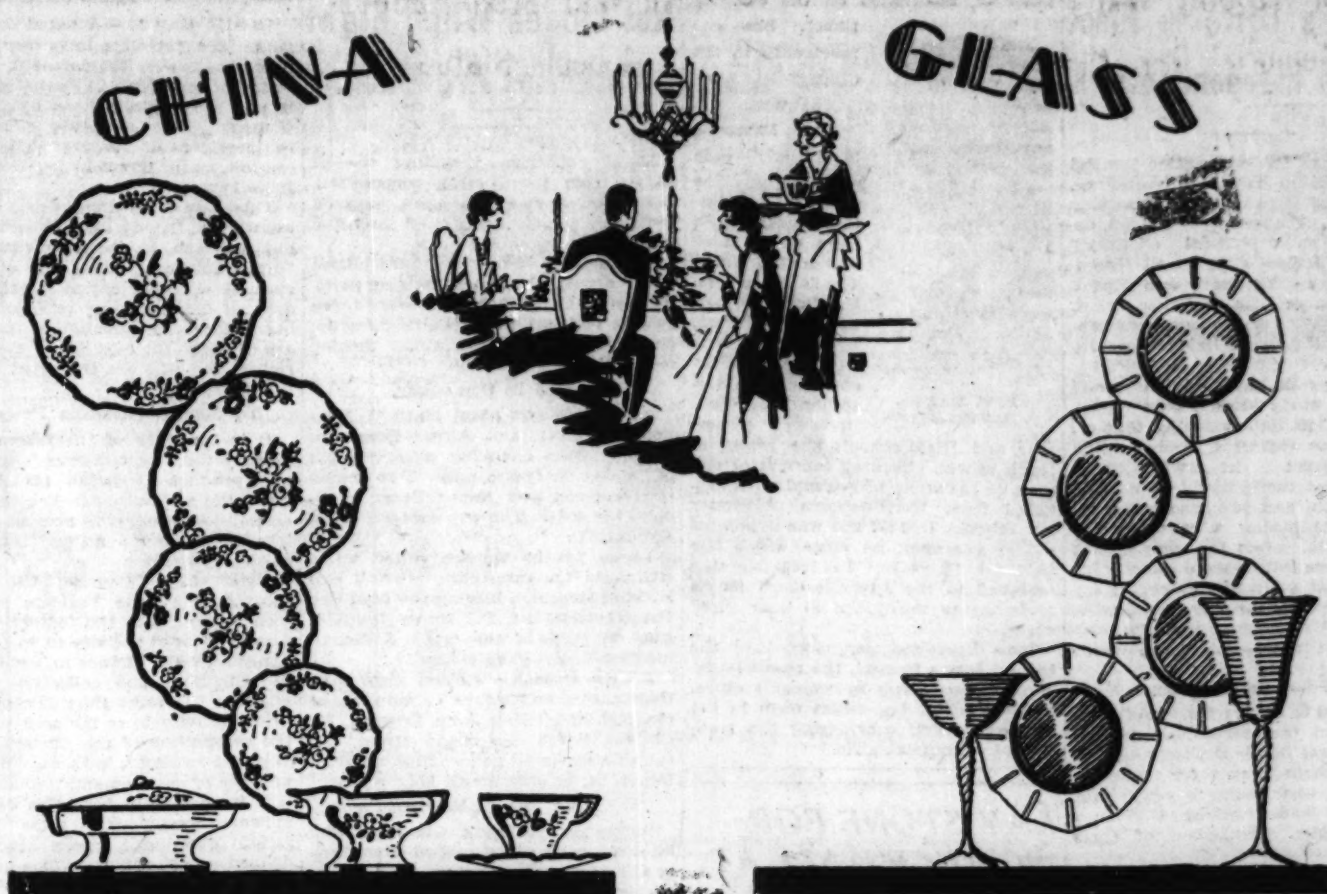

**PLAN NO ANNULMENT.** Lawrence Kennedy, vice president of the Clean Buck Advertising agency, 39 South La Salle street, and father of Mrs. Bissell, said last night that, while the young couple have agreed to a temporary separation, no immediate annulment proceedings are contemplated.

"Both now see that their marriage was too hasty, although each is of age, and should have known what they were doing," Mr. Kennedy said.

**HOT WATER BURNS ARE FATAL.** Paul Gariand, 30, of 1631 South 59th avenue, died at St. Luke's hospital yesterday from burns incurred Saturday when he fell into a vat of hot water at the Chicago Enamel Works.

## CARSON PIRIE SCOTT & Co

Store Closed All Day Today, Memorial Day. Sellings Begin Tuesday

A Charming Summertime  
Pattern in Ivory Porcelain  
32 Pieces—\$9

## BAR DENOUNCES 'PARTY TRICKERY' IN JUDICIAL RACE

Launches Drive to Elect  
Three Independents.

The Chicago Bar association jumped into the judicial campaign yesterday, sending a letter to civic organizations with a total membership of 500,000, denouncing the "political trickery" which left Judges Charles M. Thomson, Oscar M. Torrison, and Frank Johnston Jr. off the coalition ticket. The three judges are independent candidates running as the Independent Judicial party.

The letter tells how Republican and Democratic party leaders deluded the bar association into believing that all sitting judges with good records would be renominated. The lawyers were promised that there would be no raid on the bench, and the association refrained from taking a hand, it was stated. Then, when the conventions met, the three judges were thrown in order that politically powerful figures might substitute their candidates, and the politicians laughed at the association when it protested, the lawyers say.

**Send Letters to Voters.**  
In addition to asking the aid of civic organizations, the association sent letters to several hundred thousand voters asking them to vote for the three independent candidates in order that the political leaders might be given a sign of public disapproval of their action.

The expense of the judicial election to the taxpayers will approximate \$200,000, the statement to the civic organizations read. "There are thirty-one candidates for the twenty vacancies in the Circuit court and the one vacancy in the Superior court. These include twenty-one coalition candidates, three judges who are independent candidates, and others running as non-coalition candidates."

"Contrary to assurances, those at present in control of the Republican and Democratic party machinery in Cook county for reasons of political expediency left three judges off the ticket, substituting other candidates. These three substituted candidates appear on the coalition ticket under the title 'Republican. Therefore, you cannot vote a straight Republican ticket without making yourself a party to this political trickery."

**Lawyers Best to Judge.**  
"The qualifications of any lawyer to hold judicial office, in the very nature of things, are best known to his fellow lawyers. The Chicago Bar association includes in its membership more than 4,500 lawyers. A bar primary is held by the association at which campaigning for any candidate is prohibited."

"The result of this primary which endorsed the three judges is bound to reflect fairly the standing of the candidates with the members of their own profession."

The statement sent to the voters was headed, "Keep the courts out of politics."

**Judges Charles M. Thomson, Frank Johnston Jr., and Oscar M. Torrison** were left off the coalition ticket by the party managers not because of any blemish on their judicial records but solely because of political considerations, it read.

**Prize Qualities of Judges.**  
"At the last moment they were not nominated. Because of the excellence of their records, Judges Thomson and Johnston were chosen by the Supreme court to sit in the Appellate court. Judge Torrison, a judge for 21 years, is a man of the highest integrity who has been faithful in the discharge of his judicial duties."

"The attempt of the party managers to defeat such faithful public officials without just cause is a blow at the proper and independent administration of justice which should be resented by every right thinking man and woman in Cook county. In the interest of the public service and the proper conduct of the courts, we urge you to vote on June 6 for the three sitting judges, Thomson, Torrison, and Johnston."

## MISS BARTELME, ONLY WOMAN JURIST IN ILLINOIS, IS SKETCHED

The Tribune will present, from day to day until the judicial election June 6, sketches of the candidates for judges of the Circuit court.

**Mary Bartelme**—Sitting Judge, Republican, nominated on the coalition ticket. She ran fourteenth in the Chicago Bar association primary.

Miss Bartelme is Illinois' only woman judge. She was born of Alsatian parents of a farm which later became 256 North Halsted street. Her family moved to River Forest, where she now lives, and after she was graduated from the West Division Grammar school. Several years later she took up the study of law and was graduated from Northwestern university law school. In 1897 she was appointed public guardian, an office which she held for 16 years. In 1913 she was assigned to the juvenile court as an assistant to the judge to hear girls' cases.

Miss Bartelme was elected to the Circuit bench in 1921, the result largely of campaigning by women's clubs. She has spent her entire term in the juvenile court, considering the troubles of delinquent girls.

## LAY STONE FOR SCIENCE HALL AT WOMEN'S SCHOOL

Jacksonville, Ill., May 29.—(Special.)—Holding in his hand the hammer with which the cornerstone of the new college's first building was tapped into place eighty-one years ago, former State Senator James E. MacMurray of Chicago, its principal donor, yesterday laid the cornerstone of the new MacMurray science building on the campus of the Illinois Woman's college.

The building will cost \$250,000, and will be completed by the first of next year. It is the first of a group expected to be erected as a result of a twenty-year program of expansion.

The college is the oldest and largest exclusive woman's institution of higher education in the middle west.

Addresses were made yesterday by Senator MacMurray, President C. P. McClelland, President Emeritus Joseph R. Barker, and Chester A. Smith of Peoria, Ill.

The annual commencement exercises will be held Tuesday next.

**NEARLY 500,000  
OLD IRONSIDES  
BUTTONS SOLD**

Old Ironsides buttons will remain on sale this week until the stock on hand is exhausted, Charles A. Brown of the mayor's committee announced yesterday. Of the half million buttons, only about 40,000 remain unsold, Mr. Brown said.

Today's receipts from the schools are expected to put the fund over the \$20,000 mark, and reports are due from the police department and other agencies that have been cooperating with the committee. Approximately \$2,000 is expected from the 41 police stations.

Acting on requests from national headquarters, Commander A. C. Dill, Admiral Philip Andrews' representative in Chicago, announced that the Save Old Ironsides committee, whose offices are at 332 South Michigan boulevard, would redouble its efforts to sell pictures.

**One Killed When Tornado  
Sweeps Arkansas District**

Paragould, Ark., May 29.—(AP.)—A child was killed and seventeen persons were injured, when a tornado swept through a farming community 13 miles west of here late last night, according to information reaching here today over crippled wires.

## POLICE ROUND UP 95 MEN IN DRIVE AGAINST CROOKS

Net Closes When Eight  
Robberies Are Made.

Eight robberies, including one of \$2,263 from the Hydrox corporation, 3343 Ferdinand street, were reported yesterday as police waged an intensive pickup drive against crooks.

At sundown 95 men had been placed under arrest, 47 of them bearing criminal records. Among them were three youths believed to be waiting an opportunity to raid the Capitol theater for its holiday receipts.

**Forced to Open Safe.**  
At the Hydrox plant Mark C. Bennett, manager, and Alfred Bergman, cashier, were checking over receipts of holiday ice cream sales. Two armed men entered the building, forced Bergman to open the safe. The two escaped in an automobile.

Three youths were arrested while sitting in an automobile at 50th and Halsted streets, a block away from the Capitol theater. Policemen found a gun on each of the trio. A fourth member of the gang escaped.

At the Graham station they gave their names as Edward Bergman, 18, of the Ashland hotel; John Downes, 23, of 7802 South Sangamon street, the son of a deceased policeman, and John Minot, 24, of 5320 South May street.

**Hold Two as Robbers.**  
Suspected of being the men who late Saturday night robbed Iver Carlson, 1316 Carmen avenue, of \$95, two suspects, said to have served numerous terms for robbery, were captured by Sgt. Ray Crane and his detective bureau squad in the act of entering a stolen car. They are Arthur Bers, 24, known as a safe robber and bandit, and George Gregory, 31, of 1317 West 31st street.

Two men and a pretty young woman are being sought for the robbery of John Janicki, 3216 Beach avenue, a cab chauffeur. The girl stood guard while the men rifled Janicki's pockets of \$20 and drove away in his cab. Thieves broke into the city hall during the week-end and stole a \$500 moving picture film, "The Enchanted Island."

## KATHRYN BARASA TO JOIN FATHER IN LAW PRACTICE

Kathryn Barasa, the 20 year old daughter of former Municipal Judge Bernard P. Barasa, will enter the practice of law with her father following her graduation from De Paul university law school on June 17. Because she is under age, Miss Barasa will have to wait until November to take the state bar examination, her father said. Until then she will assist in general practice. Later the firm will be known as Barasa and Barasa.

## VATICAN ERECTS A NEW BULWARK AGAINST FASCISM

Maps Catholic Stand  
on Civic Rights.

BY JOHN CLAYTON.  
(Chicago Tribune Press Service.)  
(Copyright, 1927, By The Chicago Tribune.)

ROME, May 29.—A papal document which is expected to have considerable weight in the development of the church's opposition to Fascist syndicalism is the letter written by Cardinal Gasparri, papal secretary of state, to the president of the new Catholic federation, under direct instructions from Pope Pius.

This new federation, which will be known as the Italian Federation of Catholic Men, has been instructed that "upon this more than any other organized Catholic action devolves the duty of looking after problems relating to the sane education of those who are to begin the exercise of their civic rights, and who are the great hope of the church."

**To Spread Christian Precepts.**  
It is the duty of the federation to prepare the "best citizens" to spread and practice Christian principles in social life and, although keeping above all political rivalry, to promote the interests of religion no less than those of public welfare.

Observers Romano, the official newspaper of the Vatican, says the men belonging to the federation must display "social activity in so far as to apply religious virtues to society, both in individual and collective actions, while at the same time displaying political activity in so far as it promotes the recognition of the Christian spirit in public relations, laws, discipline, and practice of government."

It is significant that this document appears immediately after Premier Benito Mussolini's speech, in which he defined a good citizen. This good citizen, in the opinion of the Catholic hierarchy, must bring into his social and political activities his Christianity—that is, his Roman Catholic faith. It

is also significant that, while no reference is made in the letter to the Roman Novum (an encyclical) by Pope Leo XIII. in 1891, dealing with the condition of the working classes, and described as the "social Magna Charta of Catholicism," it is explicitly mentioned in the editorial.

**Hostile to Fascist Syndicalism.**  
It is not difficult to find traces of hostility to the syndicalist program of Fascism in Gasparri's comments. It is felt that, although direct action against the Fascist syndicalism would complicate matters, it is hoped that by the injection of less drastic principles into the application of the Fascist laws by the Federation of Catholic Men the difficulties of the individual will be smoothed.

It still is to be seen how far the all-absorbing Fascist state is prepared to go to satisfy the Vatican's careful but firm insistence that the individual tendencies of order, discipline, Italian citizenship be permitted to manifest themselves.

Non-adherence to Fascist principles amounts in the Fascist theory to opposition to Fascism. The Vatican has shown no tendency to retreat from the position taken last December, when the pope placed the church on record as opposing Fascist syndicalism.

## SHIP NEARS ISLE IN AZORES WITH PINEDO, PLANE

ROME, May 29.—(AP.)—The official Italian news agency announced tonight that the Italian steamer Superga, towing Commander De Pinedo's seaplane, Santa Maria II., had communicated that it was about twenty-five miles northwest of Fayal island, in the Azores. A strong wind was blowing and heavy seas were running. The Superga has the crew of the seaplane aboard.

While information concerning De Pinedo's flight and its unhappy ending is still lacking, persons in contact with the ministry of aeronautics say that the lap from Trepasey, Newfoundland, to the Azores must be chalked up as De Pinedo's "first knockout by atmospheric elements."

It is asserted that the wind forced the flyer out of his course and that he used so much gasoline he found it impossible to make the Azores. He took the opportunity offered by the presence of a Portuguese sailing vessel and came down, being taken in tow by this ship, which later was relieved by the Superga.

## Before Bed

Cleanse skin of make-up, etc., this way, if "That schoolgirl complexion" is your aim

By NORMA SHEARER

LETTING make-up, powder and rouge stay on the face over night is a grave beauty mistake. That tends to clog the pores; invites blackheads and imperfections. Hence experts urge nightly cleansing with a TRUE COMPLEXION SOAP and water.

Thus, largely on expert advice, millions use Palmolive Soap; touch their faces with no other. It is made of cosmetic oils. It is made for one purpose only—to protect and beautify the skin.

Wash the face gently with Palmolive. Massage its balmy olive and palm oil lather into the skin. Rinse with warm water; then cold. That is all—it's nature's way for keeping that schoolgirl complexion. Do that regularly, and particularly at night. Note how much better your skin in even one week.

**GET REAL PALMOLIVE**  
Costs but 10c a cake. Use no other on your face. But be sure you get GENUINE Palmolive. Cords imitations, represented to be of olive and palm oils, are not real Palmolive. Remember that and TAKE CARE. The Palmolive-Pe Co., Chicago, U. S. A.

## GOB LESS SERVE THAN SAILOR IN BRITISH NAVY

But Both Get Work Done,  
Steele Observes.

BY JOHN STEELE.

(London correspondent of The Tribune, who was with the American fleet in its recent maneuvers off Newport.)

"How does American naval discipline compare with the discipline of the British navy?" This is one of the most frequent questions that I have been asked since my week with the United States fleet.

Back of this question I have always found an uneasy feeling that because of the American system of short enlistment, it can not be so good as the discipline of men who enlist for twelve years and usually re-enlist for another twelve.

The question is difficult to answer, for the attitude of the American toward discipline is totally different from the attitude of the British. To an American the attitude of the British toward his superior officer seems servile. To the British the attitude of the "gob" towards his officer seems lacking in respect.

Both Get the Work Done.

So far as I can judge, however, American discipline aboard ship is just as effective in getting the work of the ship done as British discipline.

When a British officer issues an order the sailor touches his cap and says, "Aye, aye, sir," then goes and does the job. When an order is issued by an American officer the "gob" will probably reply "yeah," and go and do the job just as effectively as the Briton.

American naval officers maintain that with the class of intelligent, skilled mechanics who now compose the majority of a ship's crew the old fashioned iron discipline is needless and even detrimental.

While the relations between officers and enlisted men in the American navy is far freer and more democratic than in the British navy, the discipline as between the junior officers and their seniors is much stricter.

Officers Systems Compared.

The captain of an American battleship lives alone. He even eats in his own quarters. Practically his only touch with his juniors is through the executive officer. The quarter deck is cleared when he walks on it, and if there is an admiral aboard the separation is even more pronounced.

On a British ship the captain takes the head of the wardroom table, associates with his officers as an equal except when actually on duty and usually takes the place of a senior rather than of a superior.

To return to the short enlistment. American officers are divided; one group holds that it is impossible to make an all around seaman in four years; the other holds that on account of the mechanization of ships today, it is quite possible to train a man for his own job, and that there is an advantage in the short service system in that it builds up a large trained reserve which can be called back in time of war.

Petty Officers Pay Too Low.

All are agreed, however, that the American navy suffers from the lack of trained petty officers and will continue to suffer until the pay is made more attractive than that of the jobs open to such men ashore. A man who has attained petty officer's rank in the navy must be a skilled electrician or engineer and is capable of taking charge of other men ashore as foreman or even manager. The re-

sult is that the navy is becoming a great training school for skilled workmen and losing them as soon as their standard of skill makes them desired by shore employers. Pay scales which were instituted in the days of the old rope-hauling sailor who, however skilled he might be, could only command common laborer's wages ashore, must be revised if the nation is to get the best service out of the men to whom it is giving an expensive technical education.

U. S. Sailors Often Drunk.

Where American naval discipline does seem to compare unfavorably with British is when the men go ashore in foreign ports. This probably is due partly to short enlistment and

partly to prohibition. There is far more drunkenness among American sailors on liberty than among the British, and the Americans are more likely to resist arrest by their naval patrols than the British.

The British sailor has his grog served every day aboard ship and does not feel when he gets ashore that he must drink all the liquor in sight because it will be a long time before he gets any more. The long service Briton also, if he does get a little more cargo than he can conveniently carry, has had it drilled into him that resisting a naval patrol is bad business, while to the young American in his first or second year at sea, it is a good deal of a lark.

Values extraordinary—presenting an unusual opportunity for effecting economies

White and pastel colored silks

for bridal, graduation, and confirmation dresses

White—in a variety of sheer and heavy, crisp and supple silks—and in many different lengths. Particularly appropriate for wedding and graduation gowns. Rainbow tints—and all the soft, seasonable hues are likewise generously represented—especially charming for bridesmaids' party frocks, and boudoir apparel.

A few facts worth considering:

- 1 Your general all-season wardrobe, as well as your summer wardrobe, can be economically supplemented by purchases made during this sale.
- 2 From sheer lingerie to spring coats—from sportswear to formal evening wear—there is a silk here for every use and occasion.
- 3 The scope of fabrics permits a selection that extends well beyond one's wardrobe. Draperies, boudoir cushions, bedspreads—are a few of many uses for the materials listed here.

Our "Superba" Cutting and Fitting Service—will gladly cut and fit any desired garment for \$3 and up, from materials purchased here.

Mandel Brothers, "famous for silks," second floor.

Fashion's favorite weaves—patterns—tints—and color schemes—in glorious array

Smartly printed silks

the summer choice of the chic woman

Sheer flowered chiffons and georgettes to be fashioned into softly fluttering frocks for summer dancing and garden parties. "By day—the frock or ensemble of printed crepe or heavy silk," dictates Paris—and here are fascinating prints with the small designs or bold modernistic patterns—in a pleasing variety of delicate and vivid hues.

Remnants of black silk and imported metal brocades at savings extraordinary. Smart for Mandarin coats, capes, wraps and shawls.

## THE SUBWAY SALE of SILK REMNANTS

More than 55,000 yards of plain and novelty silks, offered at prices remarkably low. All the smartest conceits of the season—every wanted weave, pattern, color, and style—are here. Lengths for dresses, linings, slips, lingerie, and ensembles.

## FLOOD POURING INTO 4 PARISHES IN 'SUGAR BOWL'

340 Sq. Miles Covered by  
Latest Dike Break.

New Orleans, La., May 29.—(AP)—Half of the four parishes in the path of the flood waters which gradually were spreading over the fertile Louisiana "sugar bowl" had been inundated tonight.

Many of the inhabitants of the four parishes still were clinging to their homes, or had assembled along the levees where they were being fed from Red Cross boats.

Under Water from Break.  
Approximately 340 square miles are under water from the break in the embankment at McCrea, on the east bank of the Atchafalaya, 130 miles northwest of New Orleans. These waters and backwaters pushed up by the Atchafalaya into the many bayous and smaller streams emptying into that

river, inundated 75 per cent of Pointe Coupee parish, 25 per cent of West Baton Rouge parish, 75 per cent of Iberville parish, and 50 per cent of Assumption parish.

Backwaters from Bayou Grosse Tete had spread to within three miles of Plaquemine, on the west bank of the Mississippi, while water from the McCrea crevasse was approaching new roads, also on the Mississippi side of Pointe Coupee parish.

Fear Levees Will Break.  
At Torras, backwaters gradually were sweeping toward the top of a levee which had been thrown up around the town and engineers feared that the embankment might break under the pressure.

More than 4,000 persons had deserted New Iberia, more than a hundred miles to the southwest, on the opposite side of the Atchafalaya, as waters from Bayou Teche spread over the town to meet those from Spanish lake.

Clinics to Draw Noted  
Medical Men to Chicago  
Summer clinics in medicine and surgery, to be held at the Cook county hospital from June 15 to June 23, under the sponsorship of the Chicago Medical society, are expected to attract the foremost surgeons and physicians in the country. Dr. William A. Brann will be in charge. Among the physicians who will lecture and operate are Dr. Frederic Tice, Dr. James Carr, Dr. George F. Suker, Dr. Karl A. Meyer, Dr. Philip Lewin and Dr. Daniel Eisendrath.

## FLOOD CONTROL PARLEY WILL BE LIKE CONGRESS

With the receipt of more acceptance by congressmen and senators of invitations to attend the Mississippi valley flood control conference called by Mayor William Hale Thompson for next Thursday, Friday and Saturday, it became apparent that some of the sessions will resemble an unofficial assembly of congress.

In addition to bankers, business men and others representing commercial, industrial and agricultural interests of the middle west, practically every state in the river basin will be represented by congressmen and senators as well as state officials. Speaker Nicholas Longworth of the house of representatives as well as two members of President Coolidge's cabinet will be present.

Varying opinions as to the best method of flood control were expressed by the congressmen who accepted invitations. Congressman J. H. Sinclair (N. D.) declared the present system was a monumental failure and that a system of dams, spillways, and levees erected on the lower Mississippi on both sides through which the water could be diverted at flood times.

BLAME DEATH ON ALCOHOLISM.  
Alcoholism is believed by the police to have caused the death of a shabbily dressed man found on the sidewalk yesterday morning in front of 17 South Dearborn street.

## Auto Club Certificates Now Good for \$50 Bail

Officials of the Automobile Club of Illinois have completed arrangements with the Municipal court for the issuance of club certificates that will be accepted in lieu of bail up to \$50 on charges of violating the motor laws. Chief Justice Harry Olson has instructed the police to accept the certificates. St. Mayer, president of the club, said that hitherto many motorists had been put to great inconvenience in getting bail and that few were in the habit of carrying as much as \$50 in cash.

## Buried as Sewer Caves In; Resuscitation Fails; Dies

Neighbors, digging frantically and aided by two resuscitation squads, last evening failed to save the life of Michael Lauser, 35 years old, when a sewer he was digging in front of his home at Hirschberg and Schiller streets, Franklin Park, caved in and buried him.

## Elmer Waves 2 Farewells and One Greeting

Radio Loses and Gains in Night, He Decides.

BY ELMER DOUGLASS.  
Yesterday was a big radio day for season farewells—the Palmer House Symphony players, and the Sunday Evening Club.

The Palmer house symphony, Jerome Levy conducting, WJJD, 4 o'clock, closed its long season with glory. These orchestral programs have been excellent throughout, and with a goodly number of novelties to their credit. In the matter of special soloists they have been decidedly fortunate. This organization gradually has developed a style of its own. Everything is even tempo, with a modesty and refinement that is decidedly pleasing.

Now also silent until fall is the Sunday Evening Club, orchestra hall, WMAQ. Until then, no more stately, coquettish pipe organ concerts by Stanley Martin; no more choir of 100 under the direction of Edgar Nelson with its weekly examples of the best in anthems of this church age; no more solos and ensembles from the excellent vocal quartet; no more wise sayings and witticisms from Clifford W. Barnes, the club's president; no more notable speakers and ministers.

The recital by William Simmons, baritone, New York, through W-G-N, 8:15, proved a pleasant surprise. His wins at first hearing, on merit. His songs last evening ran from the simple heart melody through oratorio solos to operatic arias, and he was thoroughly enjoyable in each. He is a high baritone, pleasingly resonant, and having a touch of sentiment that somehow softens even his most brilliant flights. And fortunately he was the soloist on this hour next Sunday.

The WJZ-KTW, 9:30 to 9:50 program last evening was furnished by the WJZ studio orchestra. Not bad at all.

The KTW Edison studio announcer gave out the information at 10:20 that beginning next Wednesday at noon the Edison studio program will be broadcast from their new station, WENR, on 1640 kilocycles, or 288 meters.

### Egypt Rows with Britain

#### Over Sirdar Rule of Army

CAIRO, Egypt, May 29.—(AP)—Disagreement has arisen between the Egyptian and British governments over the recent Egyptian parliamentary committee for the removal of the sirdar as British commander in chief of the Egyptian army. It is reported Lord Lloyd, British high commissioner, has opposed the removal of the sirdar. He is said to have received instructions from the British government which he will present to the Egyptian cabinet.

### Robert Calladine Is Dead; Veteran Police Operator

Robert Calladine, well known throughout the Chicago police department, having served as an operator at practically every station in his thirty-five years of service, died yesterday at Elmhurst hospital. For the last seven years he had been assigned to the Chicago avenue station. Mr. Calladine, who resided in Lombard, had suffered for years from a heart affliction. He was 59 years old.

### The Rev. G. W. James Dry League Official, Dies

Galesburg, Ill., May 29.—(AP)—Rev. G. W. James, 65, superintendent of the central Illinois district of the Anti-Saloon league, died yesterday of cancer. Mr. James was born in Wales and before becoming Anti-Saloon league official in the central district he was pastor in Chicago and Morris, Ill. His sister, Mrs. Elizabeth Macdonald of Canada, survives him. The funeral will be Tuesday in Morris.

MRS. ANNA HILL NORRETT, 49 years old, widow of Henry Norrett, Chicago labor leader, died yesterday at St. Mary's hospital. Her husband was president of the Chicago Steam fitters' union. Mrs. Norrett is survived by two sons, William and Henry. Funeral services will be held Wednesday from the residence, 5416 Harrison street, to Resurrection church. Burial will be at Mount Carmel cemetery.

### Learn this secret

WHEN you feel heavy, listless, dull, Exo may be just what you need to set you right. For moods of depression and heaviness are often the result of a sluggish digestion, or of intestinal inactivity.

Add a dash of Exo to your morning glass of water for a few days. You'll find it a very pleasant, sparkling corrective of intestinal irregularity. It gives your inner organs a fresh start each morning. And you can take Exo without any fear that you are enervating yourself to an undesirable habit, because it contains nothing drastic, nothing doubtful, and no sugar.

At all drug stores—two sizes—75c and \$1.25.

## LITTLE ORPHAN ANNIE: No Time for Frivolity

WELL, SANDY, THAT SURE WAS A SWELL PARADE—DIDJA NOTICE HOW THOSE SOLDIERS MARCHED? AND THAT BAND—GEE—DE-CARATION DAY'S A GREAT THING, ALL RIGHT—

LOOKIE—ALL TH' KIDS ARE FIXIN' UP NOW TO HAVE ANOTHER PARADE—LOOK AT JIMMY DUNKIN WASH HIS MA'S DISHPAN FOR A DREAM WE COULD HAVE A LOT O' FUN! WE ONLY HAD TIME—

BUT I CAN'T BE WASTIN' ANY MORE TIME WITH PARADES—ZAMINATIONS START TOMORROW AN I'VE SURE GOT TO GO SOME IF I SPECT TO PASS—

GEE, YUH SURE HAVE TO LEARN A LOT O' THINGS IF YUH EVER SPECT TO BE EDGE-CATED—I WONDER IF IT'S AS HARD FOR EVERY KID TO MEMBER RULES AN' DATES AN' THINGS AS 'TIS FOR ME—

## RADIO PROGRAMS FOR TODAY

(Monday, May 30.)

(Daylight Saving Time.)

### W-G-N to Broadcast Auto Classic Today

THE Indianapolis 500 mile auto race, speed event of the year, on W-G-N, THE CHICAGO TRIBUNE station on the Drake hotel, today. The broadcast starts at 10:30 o'clock this morning, and continues until the last car crosses the line in by the judges down at the huge two and a half acre brick oval in Indianapolis. Every detail of the race, the roar of the tiny motors, the winning driver will be heard in a brief talk right from the W-G-N booth. Monday night is silent night in Chicago, and following a brief musical program W-G-N signs off at 7 o'clock. WLIB, the Liberty Weekly station on the Drake hotel, is also silent all day. DETAILS OF TODAY'S W-G-N PROGRAM (Wave length, 302 meters):

10:30 a. m.—Broadcast of the Indianapolis 500 mile auto race directed from the Speedway track, Indianapolis, Ind.

MUSIC AND ENTERTAINMENT.

5 to 6 p. m.—Musical program by Tommy Coster baritone; Leon Lichtenfeld, cellist; Herbert Johnson, pianist, and the W-G-N Trio.

6 to 6:30 p. m.—Uncle Bill's Punch and Judy.

6:35 p. m.—Dinner concert by the Drake concert ensemble and the Blackstone string quintet.

MONDAY IS SILENT NIGHT IN CHICAGO.

### W-G-N QUIZ BOX

Here are the answers to the three questions broadcast last night over W-G-N. The Tribune's radio station, three questions are asked every night and answered the following morning in The Tribune.

What great American patriot spoke the stirring words: "My only regret is that I have but one life to give for my country?" Answer—Nathan Hale.

What great Swede is famous for his skill as an archer? Answer—William Tell.

Which of the great lakes is the largest? Answer—Lake Superior.

## Question of Selecting Hubby's Suit Seems to Be Up to Hubby

BY DORIS BLAKE.

Do you help your husband choose his clothes?

The query was put to a half dozen women recently by an Inquiring Reporter. If one may draw conclusions from the answers of six women it would seem that wives take an interest in what their best dressed husbands should wear—but realize at the same time that he has some rights about self expression and putting his own personality into the choice of hat, suit and tie.

As one woman replied: "He doesn't dictate about my clothes. Why should I about his, even though he buys things I think could be improved upon?"

It is one of the editorial beliefs where newspapers and magazines run departments on fashions for men that women do most of the reading and if not the buying, the prompting, at least, of what should be bought.

One would have to line up an army of males and get from them an honest reply as to whether the man or the shopping loving little woman is responsible for the general good appearance before one could arrive at any conclusions about the advisability of accepting feminine advice.

The reason I suspect that the man and his tailor deserve the credit is that I think men, on the whole, make fewer sartorial mistakes than women. Of course, this may be because they have less opportunity to make them, with limited colors for suits and standardized shapes for hats, and so on.

Not long ago a wife, relating her woes to me, reported among other "acts of cruelty" in her domestic life the fact that her husband insisted upon accompanying her when she went shopping, but wouldn't permit her to go along with him on his seasonal clothes spree. He thought she had no taste in her dress and she knew he had none in his and they were arriving at a state of all-out war in incompatibility.

For such a wife the revelations of the half dozen women referred to above might be comforting, since they prove that women are not encouraged to take along when there is a male suit to be purchased. And for all women, the advice is to let the happy and well turned out male believe it is his own taste that produces the handsome specimen.

## Bright Sayings of the Children

The Tribune will pay \$5 for each child's saying printed. The story told must never have been printed in any magazine or paper. It is not possible to acknowledge or return unsolicited contributions. Write on one side of the paper. Address bright sayings to Amy Bee, The Tribune, Chicago.

Bobby had seemed to be happy all day at our house when his mother had been obliged to leave him for a few days, but when night came he began to cry.

"Why, Bobby, I said, 'I thought you liked to stay with us and go riding and play with the things I bought you'."

"I do," he sobbed, "I like daytime with you, but any boy wants his own mummy nights and not des people."

John and Jimmy live in the same block.

"Don't you and Jimmy ever play together?" I inquired of little John.

"No, sir, but sometimes us fights together," he replied earnestly. H. C.

## K BATTER TIGER PITCHERS FOR 8-6 WIN

### 33 CARS AWAIT STARTER'S FLAG AT INDIANAPOLIS

**160,000 WILL SEE 500 MILE SPEEDWAY RACE**

**Expect Speed Better Than 100 M. P. H.**

BY J. L. JENKINS.  
(Chicago Tribune Press Service.)

INDIANAPOLIS, Ind., May 29.—Clear skies and a run of motor traffic which buried Indiana's capital leagues deep under a cloud of dust, marked the close of the preliminary race to tomorrow's 500-mile Indianapolis race. The preliminary race, which was held at 10 o'clock tomorrow morning, was won by a car which had a qualification of 102 miles an hour with the majority revealing an actual speed hovering around 110 and the leaders adding ten miles an hour to make 120 the probable killing pace for the first hot laps tomorrow.

The race was filled to overflowing with two fans tonight and thousands of private homes have been thrown open to the overflow, which each year brings approximately 140,000 fans to the speedway. The race was a practical sell out of the race track, and it was predicted that tomorrow's crowd will tip the gate sales at 160,000.

**Drivers Get Instructions.**

The last three cars to come through the pits and win places in the start were a Duesenberg with Ben Good at the wheel, Jimmie Hill's Miller Special, and Fred Farnham's Miller. The Duesenbergs stepped up a 110 for the ten mile test, and the Miller achieved 106.55 to win the test. Hill's car showed surprising speed with a qualification average of 102.1 miles an hour.

Ben photo, American Automobile association has been in the process of giving the drivers who fail to finish in the first ten places. This insures each of the finishing race with receipt of \$400.

**Miller's Car Keeps Fans Guessing.**

On the eve of the big day the race was a mystery. Old timers recalled that if Lockhart's Miller stays under him he will set a mark of around 120 miles an hour for the boys to shoot at in the early laps tomorrow.

Miller's mysterious special, which qualified at 102 miles an hour and is still a big question in the race, is in the third row, McDonough and Farnham are in the first row, and Miller himself is in the second row. Miller's car is expected to come back to the track for the first time in the race, with Farnham and McDonough, both veterans of the bricks, in reserve for a mid-race duel against the Miller. Fred Duesenberg's car is all hitting today.

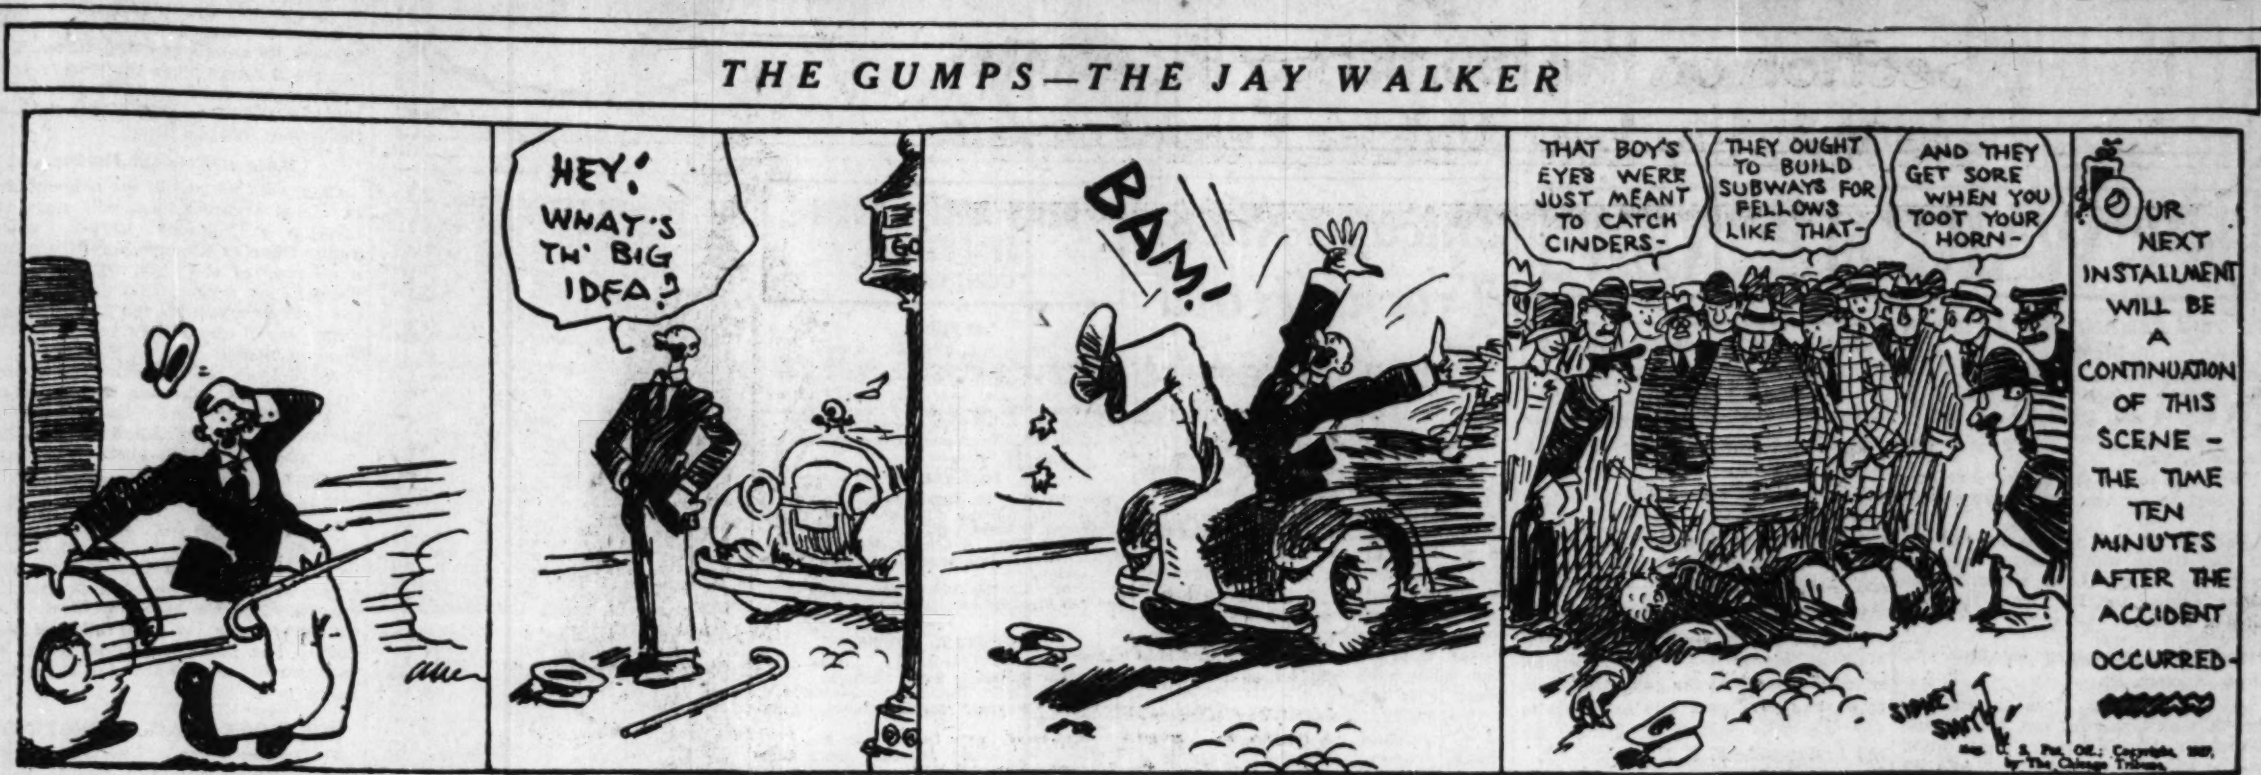

**Stanford Drills Here Today.**

Stanford was picked to win the eastern games, and the Cardinal team, developed by Dink Templeton, a former Stanford star and one of the best all-around athletes developed on the coast, lived up to expectations. Stanford will work out in the Grant park stadium today at 1 o'clock. The team, together with California and Southern California, is on its way to the coast to compete in the Pacific Coast conference championships on Friday and Saturday.

**Illinois' Victory in the Western Conference Championships** was brought about by the splendid work of Ted Alachowski, who placed third in the running high jump, the last event to be decided. Ted passed up an opportunity to secure one point in the running broad jump by not taking his final leap. He elected to compete in the high jump. He had to take fourth place at least for Illinois to win from Michigan, but he came through and won third place, giving Illinois the title by a margin of 1-2-3 points over Michigan.

Results of the two meets indicate America will not lack for stars in the track and field competition of the Olympic games to be held next year in Amsterdam, Holland.

Keene Fitzpatrick, track and field coach at Princeton, is being mentioned prominently for the position of head coach of the American team. Keene is one of the old school of coaches, and previous to accepting his present position at Princeton was track coach at Michigan.

### EAST OUTSHINES WEST IN 13 OF 15 TRACK EVENTS

**Big 10 Excels Rivals Only in High Jump.**

BY WALTER ECKERSALL.  
(Chicago Tribune Press Service.)

PARIS, May 29.—Henri Cochet, whose presence in the upper bracket of the French championships has earned him the title of "the French champion," was the outstanding feature of the eastern inter-collegiate track and field championships held Saturday at Philadelphia and the Western conference games, decided in the rain at Madison, Wis.

A comparison of the marks made in the eastern and western meets in the two sets of championships shows the east was superior in thirteen, the west in one, while the other, the 100 yard dash, was a tie. In his preliminary heat Hermann of Northwestern stopped the century in 39.8-10, which tied the time made twice by Borah of the Trojans.

**Weather Handicap in West.**

Capt. Anton Burg of Chicago won the running high jump in the Big Ten championships with an effort of 6 feet 4-5 inches. Maynard of Dartmouth won the same event in the east with a jump of 4 feet 4-5 inches. In all other events, however, marks made in the eastern games surpassed those made at Madison. Although weather conditions handicapped the conference performances, it is extremely doubtful if the west would have done much better in the matter of comparison had conditions been favorable.

Four of the marks made in the eastern meet were registered by western athletes. Borah, aside from tying the century mark made in the Western conference games, stepped the turfing in 29.9-10, exceptionally fast time. Alderman of Michigan State won the quarter mile in the east in 48.3-10, Gerkin of California took the shot put with an effort of 47 feet 11-11 inches, and Hoffman of Stanford won the discus with a throw of 185 feet 7 inches.

**Stanford Drills Here Today.**

Stanford was picked to win the eastern games, and the Cardinal team, developed by Dink Templeton, a former Stanford star and one of the best all-around athletes developed on the coast, lived up to expectations. Stanford will work out in the Grant park stadium today at 1 o'clock. BY IRVING VAUGHAN.  
(Chicago Tribune Press Service.)

DETROIT, Mich., May 29.—For seven innings, the Tigers, sore of head and heart, staggered about amidst the boos of 12,000 residents who recently helped purchase an automobile for Ty Cobb, and then for two innings, they showed their old-time ferocity and made five runs to the lusty cheers of the same 12,000 but the rallies weren't enough and Ted Lyons came out with his eighth victory.

# YANKEES SWAMP RED SOX, 15 TO 7; RUTH HITS NO. 13

Clinch Victory with Seven  
Runs in Eighth.

New York, May 29.—(AP)—The New York Yankees swamped the Red Sox today, 15 to 7. Babe Ruth hitting his thirteenth home run of the year during a seven-run rally in the eighth inning. None was on base at the time and MacPadden was pitching. Hartley and Haney also hit for the circuit. The Red Sox got away to a lead in the first three innings, but in the fourth the Yankees scored four runs and remained in front to the finish. Score:

## WORLD'S GREATEST

## NEWSPAPER

A. R. ERSKINE

President  
The Studebaker Corporation

says—

"THE TRIBUNE  
HAS RECEIVED FAR  
MORE MONEY FROM  
OUR ADVERTISING APPROPRIATIONS THAN ANY OTHER  
NEWSPAPER IN THE  
UNITED STATES"

CONSISTENTLY a newspaper advertiser and consistently a user of commanding space in The Chicago Tribune, The Studebaker Corporation continues with each succeeding year to hang up new sales records in the Chicago Territory. In 1926 Studebaker used well over one hundred thousand lines of space in The Tribune—more than double the lineage used in the next Chicago paper—more than all the space used by Studebaker in other Chicago newspapers combined.

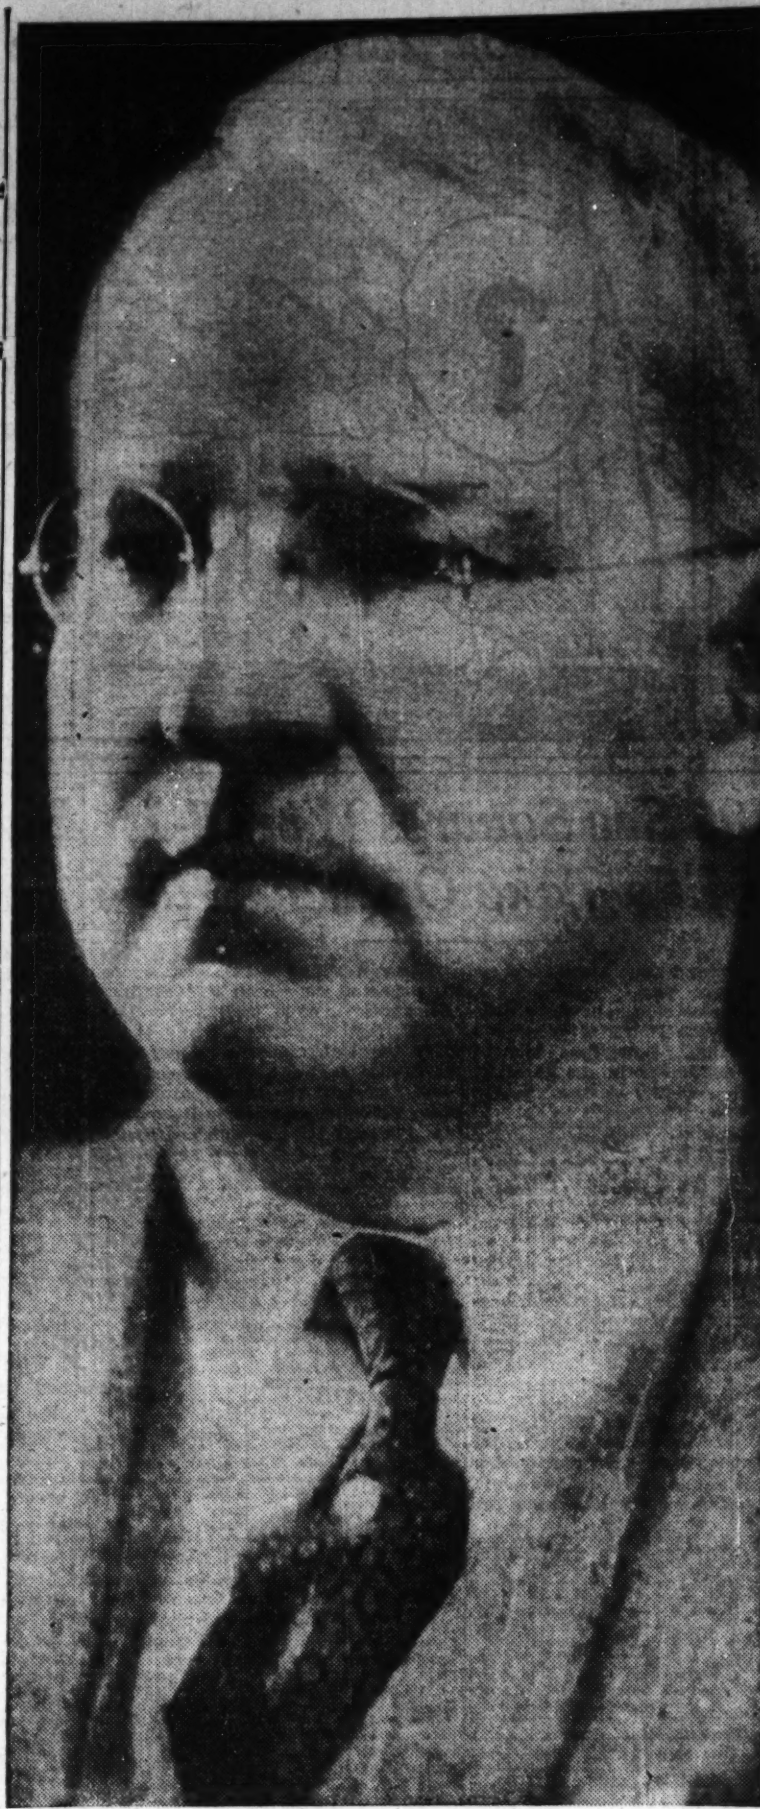

That this concentration in The Tribune was profitable is best evidenced by the remarkable sales increase registered by Studebaker in Chicago in 1926—an increase of \$2,150,644.38 over the preceding year. The Studebaker advertising that developed this increased demand for Studebaker cars was striking in size as well as message because Studebaker knows from experience that big space in The Tribune assures big sales in the Chicago Territory.

Not only in Chicago and suburbs—where The Tribune is supreme in circulation and coverage—but throughout Zone 7 the Studebaker dealer organization felt the direct stimulus of consistent, conspicuous space in The Tribune. In hundreds of towns in Illinois, Indiana, Iowa, Michigan and Wisconsin, Studebaker dealers have sold cars through Tribune advertising.

In 1926 Hupmobile, Chrysler, Nash, Buick, Dodge, Hudson-Essex, Oakland-Pontiac, Paige and Willys-Overland used from 50,000 to more than 100,000 lines in this master salesman.

One out of every five motor cars you make must be sold in the Chicago Territory. Prosperity is at high-tide in Zone 7—plan your campaign in The Tribune to get your full share in 1927!

**Chicago Tribune**  
THE WORLD'S GREATEST NEWSPAPER

A. R. ERSKINE

"You ask for Studebaker's opinion of the value of The Chicago Territory as a market for our automobiles. This is best answered by the fact that 18% of all Studebakers registered in the United States are located in Illinois, Indiana, Iowa, Michigan, and Wisconsin. Our opinion of The Chicago Tribune as a medium for developing Studebaker sales in The Chicago Territory is evidenced by the fact that The Tribune has received far more money from our advertising appropriations than any other newspaper in the United States."

*A. R. Erskine*  
President, The Studebaker Corporation.

—And

shattered  
Studebaker sales  
records prove the  
wisdom of the president's judgment

STUDEBAKER SALES CO.  
CHICAGO, ILLINOIS

Mr. C. S. Benham,  
Chicago Tribune

In December, 1926, we placed the largest order with The Studebaker Corporation that they have ever received in their seventy-five years in business. This order was for January and February delivery and totaled \$2,950,678.50, made possible by the increased demand for Studebakers, created by advertising.

During 1926 The Studebaker Sales Company of Chicago outsold the year 1925 by \$2,150,644.38.

The fact that the greater bulk of Studebaker advertising was placed in The Chicago Tribune, with the result indicated above, is convincing proof to me of the tremendous pulling power of your publication.

Yours very truly,  
STUDEBAKER SALES COMPANY  
OF CHICAGO.

*A. R. Levy*  
President.

# GRAIN PRICES BIG ADVANCES ENCOURAGE MILLS

BY CHARLES MICHAELS.

This is the first time in many years that grain prices have advanced so far and so fast. The market is now in a position to make a profit on the sale of grain.

Conditions surrounding the Board of Trade have improved materially in the last few weeks, and the market is now in a position to make a profit on the sale of grain.

Prices are favored by the general run of news, and small as well as large operators are on the same level. No interest is trying to control the market. There are a number of large operators trading in and out all the time, but the small man has an even chance with the large ones, and trading has increased materially.

Prices have moved up 17 1/2¢ on wheat, 14 1/2¢ on corn, 4 1/2¢ on soybeans, and 1 1/2¢ on oats. The market is now in a position to make a profit on the sale of grain.

Expect Higher Grain Prices. Those in close touch with the crop situation believe that there is a bullish season ahead, and while prices have an unusual advance for so short a period, the trend is irregularly higher.

Cash prices have not followed the extreme advance on futures and export buying has been shut off somewhat, especially by foreigners, but prices there have moved up, and Liverpool wheat futures are 11 1/2¢ higher than two weeks ago. Wheat crop prospects in a few European countries are less favorable while in others the outlook is bright.

A break in the diplomatic relations between England and Poland is causing uneasiness in trade and financial quarters, and there is a disposition on the part of traders to sell all grains on sharp bulges and get in on breaks.

Harvest of wheat in Texas and crop prospects in the southwest have declined moderately, and one expert estimates that there has been a heavy loss in winter wheat in Kansas, Oklahoma, and Texas from the May promise, and they may not be as good as 1,000,000 bu., which seems low, as the government report in May suggested 22,000,000 bu., against 25,000,000 bu. harvested last year. Drought, hot winds, and insects have caused an unexpected reduction in the southwest prospects.

Spring Wheat Acreage Cut. In the northwest there are indications of a reduction of around 5 per cent or more in the spring wheat territory, with the western half of the Dakotas having a promise for a good crop, and the eastern half for a short yield. Canadian prospects are unfavorable with a reduction of around 10 to 15 per cent in acreage.

May wheat closed Saturday at \$1.53 1/2, July at \$1.49 1/2, and September at \$1.46 1/2. Prices for July, September, and December are 14 1/2¢, 14 1/2¢, and 14 1/2¢, respectively. The market is now in a position to make a profit on the sale of grain.

Small Corn Acreage Expected. Corn has given the grain trade one of the greatest surprises. It has been based on the report of a good crop, and the market is now in a position to make a profit on the sale of grain.

Corn has given the grain trade one of the greatest surprises. It has been based on the report of a good crop, and the market is now in a position to make a profit on the sale of grain.

With corn planting and field work generally delayed, it is not expected that farmers will have time to sell and haul much corn to interior shipping stations for the next few weeks. The market is now in a position to make a profit on the sale of grain.

May corn closed Saturday at 85¢, July at 81¢, and September at 78¢. The market is now in a position to make a profit on the sale of grain.

# Police Hold Nine When Poison Gin Kills Youth—Lindbergh Mobbed by 100,000 When He Lands at Croydon

**WORLD'S FAIR STRUCTURE AFFORDS EXAMPLE OF COMBINATION OF BEAUTIFUL AND USEFUL.** Fine Arts building in Jackson park, erected for the Columbian exposition of 1893 and later used temporarily by Field museum, as seen from the roof of Hotel Windermere West. The second of a series of pictures of beautiful buildings published by The Tribune to inspire architects who are preparing plans for \$15,000,000 civic hall.  
*(Photo Copyright by A. G. McGowan.)*

**DRUGGIST ACCUSED.** Matthew McAnany, charged with selling gin that killed youth. *(Story on page 1.)*

**CROWD OF 100,000 BRITONS FIGHTS POLICE TO SEE LINDBERGH.** Croydon, London's flying field, which was the scene of a wild demonstration yesterday when the American who flew from New York to Paris arrived there from Belgium.  
*(Story on page 1.)*

**NINE MEN HELD AND ONE MORE SOUGHT FOLLOWING THE DEATH OF YOUTH FROM GIN SOLD BY HYDE PARK DRUG STORE.** Left to right: Prohibition Agents Victor Dowd and Dan R. Vaccarelli, Capt. Michael Tobin; Peter Thommesen, barber; Howard McNeil, clerk; John Gregg, barber; John Day, drug clerk; Art Wipenny and John Anderson, who helped drink gin; Don Hauck, drug clerk; Lloyd McBain, University of Chicago student, member of gin party. Matthew McAnany, druggist, and Matthew Raftree, arrested, are not in the group.  
*(Story on page 1.)*

**CHICAGO REGIMENT HONORS ITS DEAD HEROES.** Right: Maj. E. V. Dickson, commander of Forges; Caroline Kinne, Forges post; Mrs. E. E. Ermel, auxiliary; Col. Fred Rand, 132d infantry, and Helen, at 132d infantry monument.  
*(Story on page 1.)*

**SPANISH-AMERICAN WAR VETERANS HONOR MEMORY OF DEAD COMRADES.** Firing squad of the 132d Infantry and members of William McKinley camp, No. 6, of Spanish-American war veterans participating in ceremonies at Graceland cemetery.  
*(Story on page 1.)*

**ILLINOIS TRAPSHOOTERS' ASSOCIATION HOLDS STATE SHOOT HERE.** Teams of trapshooters on the firing line, popping at the clay pigeons, at the South Shore Country club range. This is the final day of the shoot.  
*(Story on page 10.)*

**WORKERS URGED TO JOIN SOVIET ARMY TO PREPARE FOR WAR WITH ENGLAND.** Crowd which surrounded the British mission in Verovskiy street when news of British police raid on soviet headquarters in London reached Moscow.  
*(Story on page 3.)* *(Pacific and Atlantic Photo.)*

**SEEKS ANNULMENT.** Mrs. Lucille Morrison Belden, heiress to millions, says husband lied about age.

**RUSSIANS BURN CHAMBERLAIN IN EFFIGY.** Figure intended to represent British minister which was carried by crowd that threatened British mission.  
*(Story on page 3.)* *(Pacific and Atlantic Photo.)*
